

AMSTI-USA Errata Sheet

Kit Title: Energy & Waves

Item: Battery Holders

Due to the risk of the D-cell batteries overheating, the Fahnstock clips on the battery holders must be in the UP position.

Due to the risk of the D-Cell batteries overheating in lesson 2, warn students that a short circuit may possibly occur. If it gets hot to the touch, instruct the students to let go of the materials.

If you have any questions about this change, please let us know.
