

# AMSTI-USA Kit Delivery and Return Schedule 2022 - 2023

Key
<p><b>Pack Date:</b> All tubs should be inventoried, packed, tied, and ready for pickup in your school's designated area by the end of this day. The district should NOT pickup on this date unless they communicate a change of plans to teachers and administrators.</p>
<p><b>Delivery/Return Dates:</b> Each district allocates delivery resources as available and determines their own routes. AMSTI does not assign schools to route schedules.</p>
<p><b>**If the kit assigned to you is not returned on the district truck, its return to the Mobile warehouse becomes the responsibility of the school.**</b></p>
